

| |
|------------------|
| Success Criteria |
|------------------|

- Prompt user for input for change owed
- If the user fails to input a non-negative number then, the program should repeat prompt until the user inputs a non-negative number.
- Prints minimum amount of coins needed for change owed

| |
|-----------|
| Test Plan |
|-----------|

| Input | Output | Expected Outcome |
|------------|-------------------------------------------|-------------------------------------------|
| Ten (text) | ERROR | ERROR |
| 0 | You need 0 coins | You need 0 coins |
| -2 | Repeats prompt "How much change is owed?" | Repeats prompt "How much change is owed?" |
| 200 | You need 800 coins | You need 800 coins |
| 1 | You need 4 coins | You need 4 coins |
| .01 | You need 1 coins | You need 1 coins |
| .001 | You need 0 coins | You need 0 coins |
| 2.54 | You need 14 coins | You need 14 coins |
| 200.58 | You need 806 coins | You need 806 coins |
